HELLAS

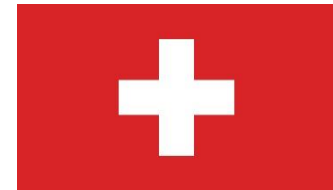

Partners

PHASE 1a - SURVEY ON CSR & BUSINESS ETHICS

Identification of the current situation in 4 countries and over **120 Companies** and **40 Organizations** (Public Bodies, NGO's, VET Providers)

PHASE 1b - DESK RESEARCH ON CSR & BUSINESS ETHICS

A full record of which and how many training programmes on CSR & Business Ethics are offered in each country in all EQF levels (formal and informal education, universities, colleges, schools etc.)

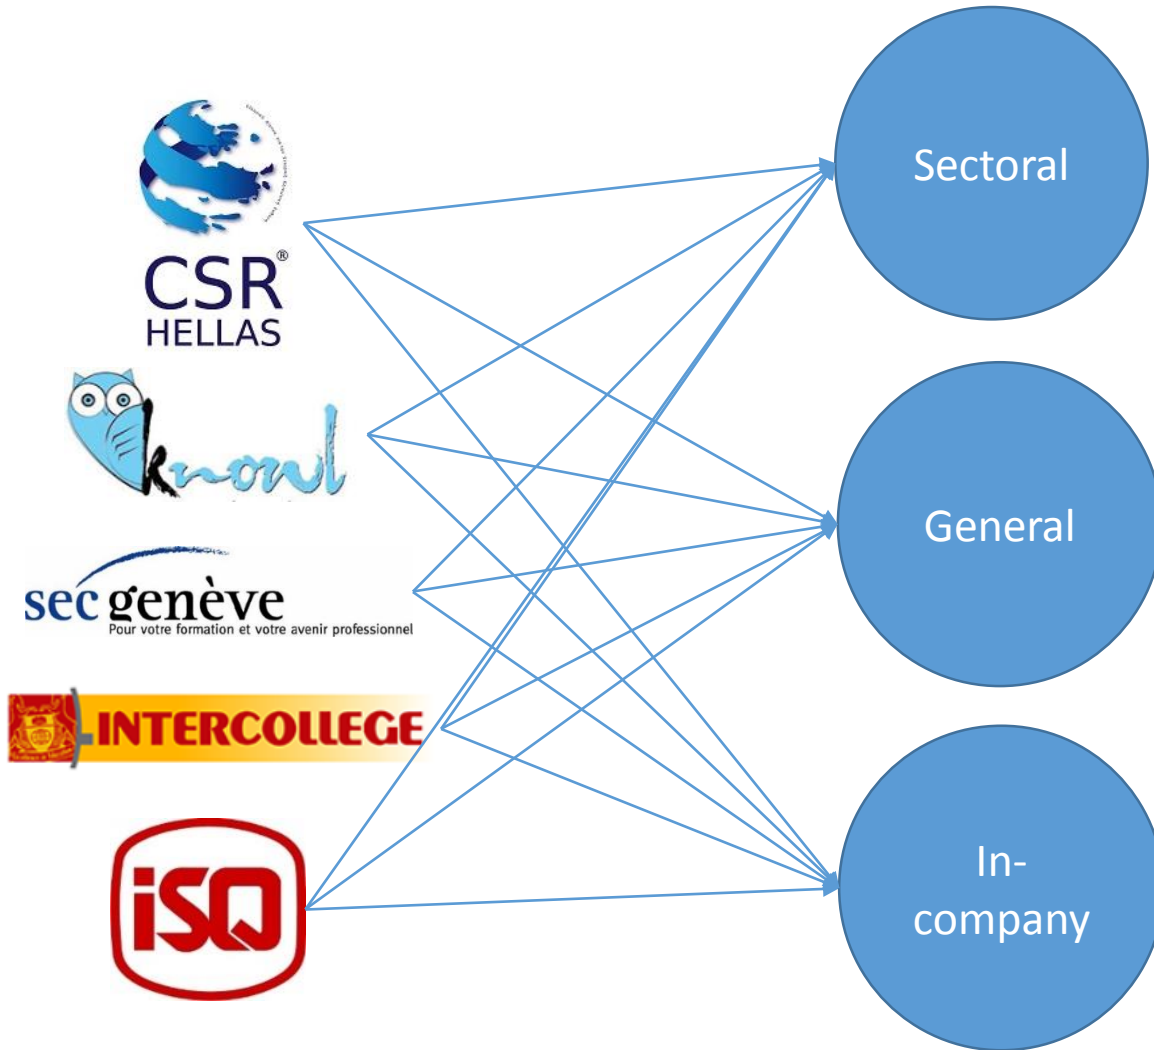

PHASE 2 - TOOL TRANSFER

The ACONTESER tool, originally generated by ACEGE, was properly adjusted to meet the needs of each country, according to the results of both the surveys and desk researches. The transfer included, apart from special parts of the tool, the innovative methodology adapted to the nature of each partner and their audiences.

PHASE 3 - PILOT IMPLEMENTATION

Partners conducted a round of pilot workshops in their countries, testing the methodology on different audiences. The training material was fine-tuned according to the evaluation by the participants and can be a useful tool to customized training for **entrepreneurs, line managers and self-employed professionals.**
